We've Only Just Begun

*We've only just begun
To live, bright days and promises
A wish for luck and we're on our way
And yes we've just begun*

*Sharing horizons that are new to us
Watching the signs along the way
Talking together just the two of us
Working together day to day
Together*

*Before the rising sun we'll fly,
So many roads to choose
We start out walking and learn to run
And yes we've just begun*

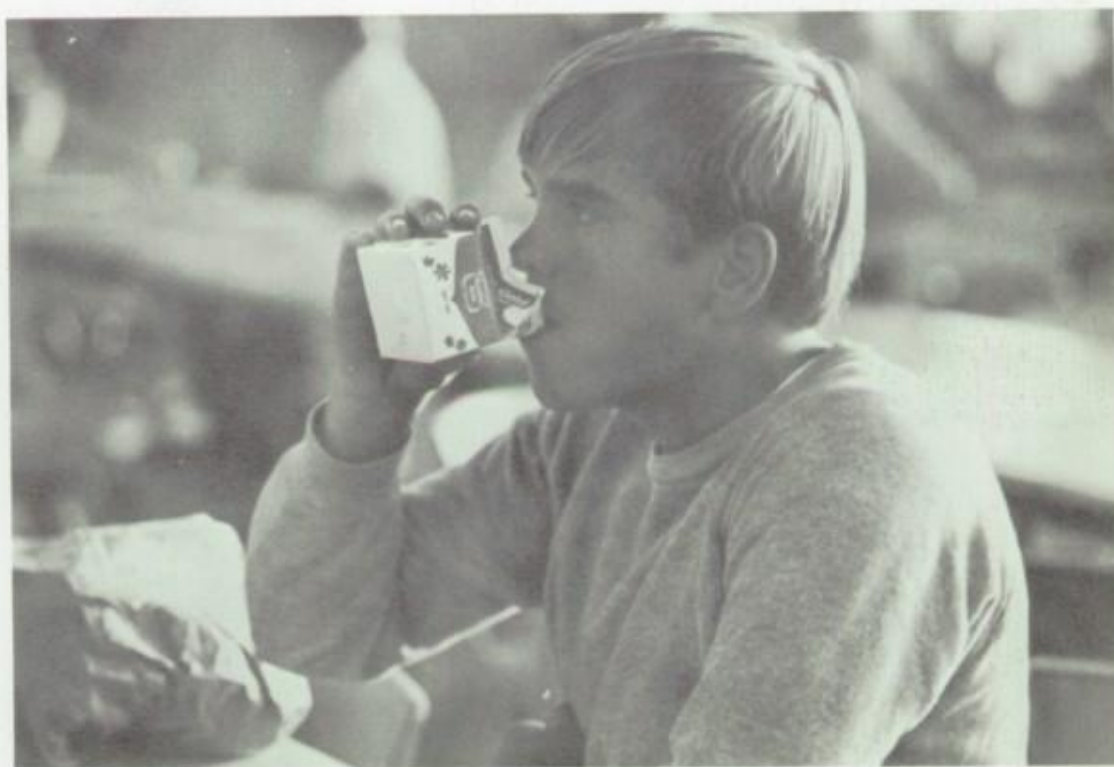

"Try it, you'll like it."

"It tickles me pink."

"Wow, What a school!"

Chief Niwot Of The Arapahoes

There is much to the Niwot tale for those who care to follow the trail of the "Good Chief". They named a mountain after him, an imposing piece of real estate called Niwot Ridge. His tepee ring can still be seen near the town of Niwot, Colorado.

Niwot was born in 1828 in an encampment of a band of Arapahoe Indians west of what is now Supply, Oklahoma. When Niwot was very young his mother died near Denver, Colorado and he was raised by his grandparents. The boy was intelligent and a natural leader and warrior. At the age of fifteen the boy Niwot was a famous warrior.

Niwot was an influential leader at the age of 23 or 24. An early settler said, "He is a fine looking Indian, over six feet tall, muscular and intelligent. A man of strong magnetism when it comes to enlisting the support and following of his fellow tribesmen. In his warrior's clothes he looks every inch a chief." Using his ability with languages he often served as interpreter for chiefs.

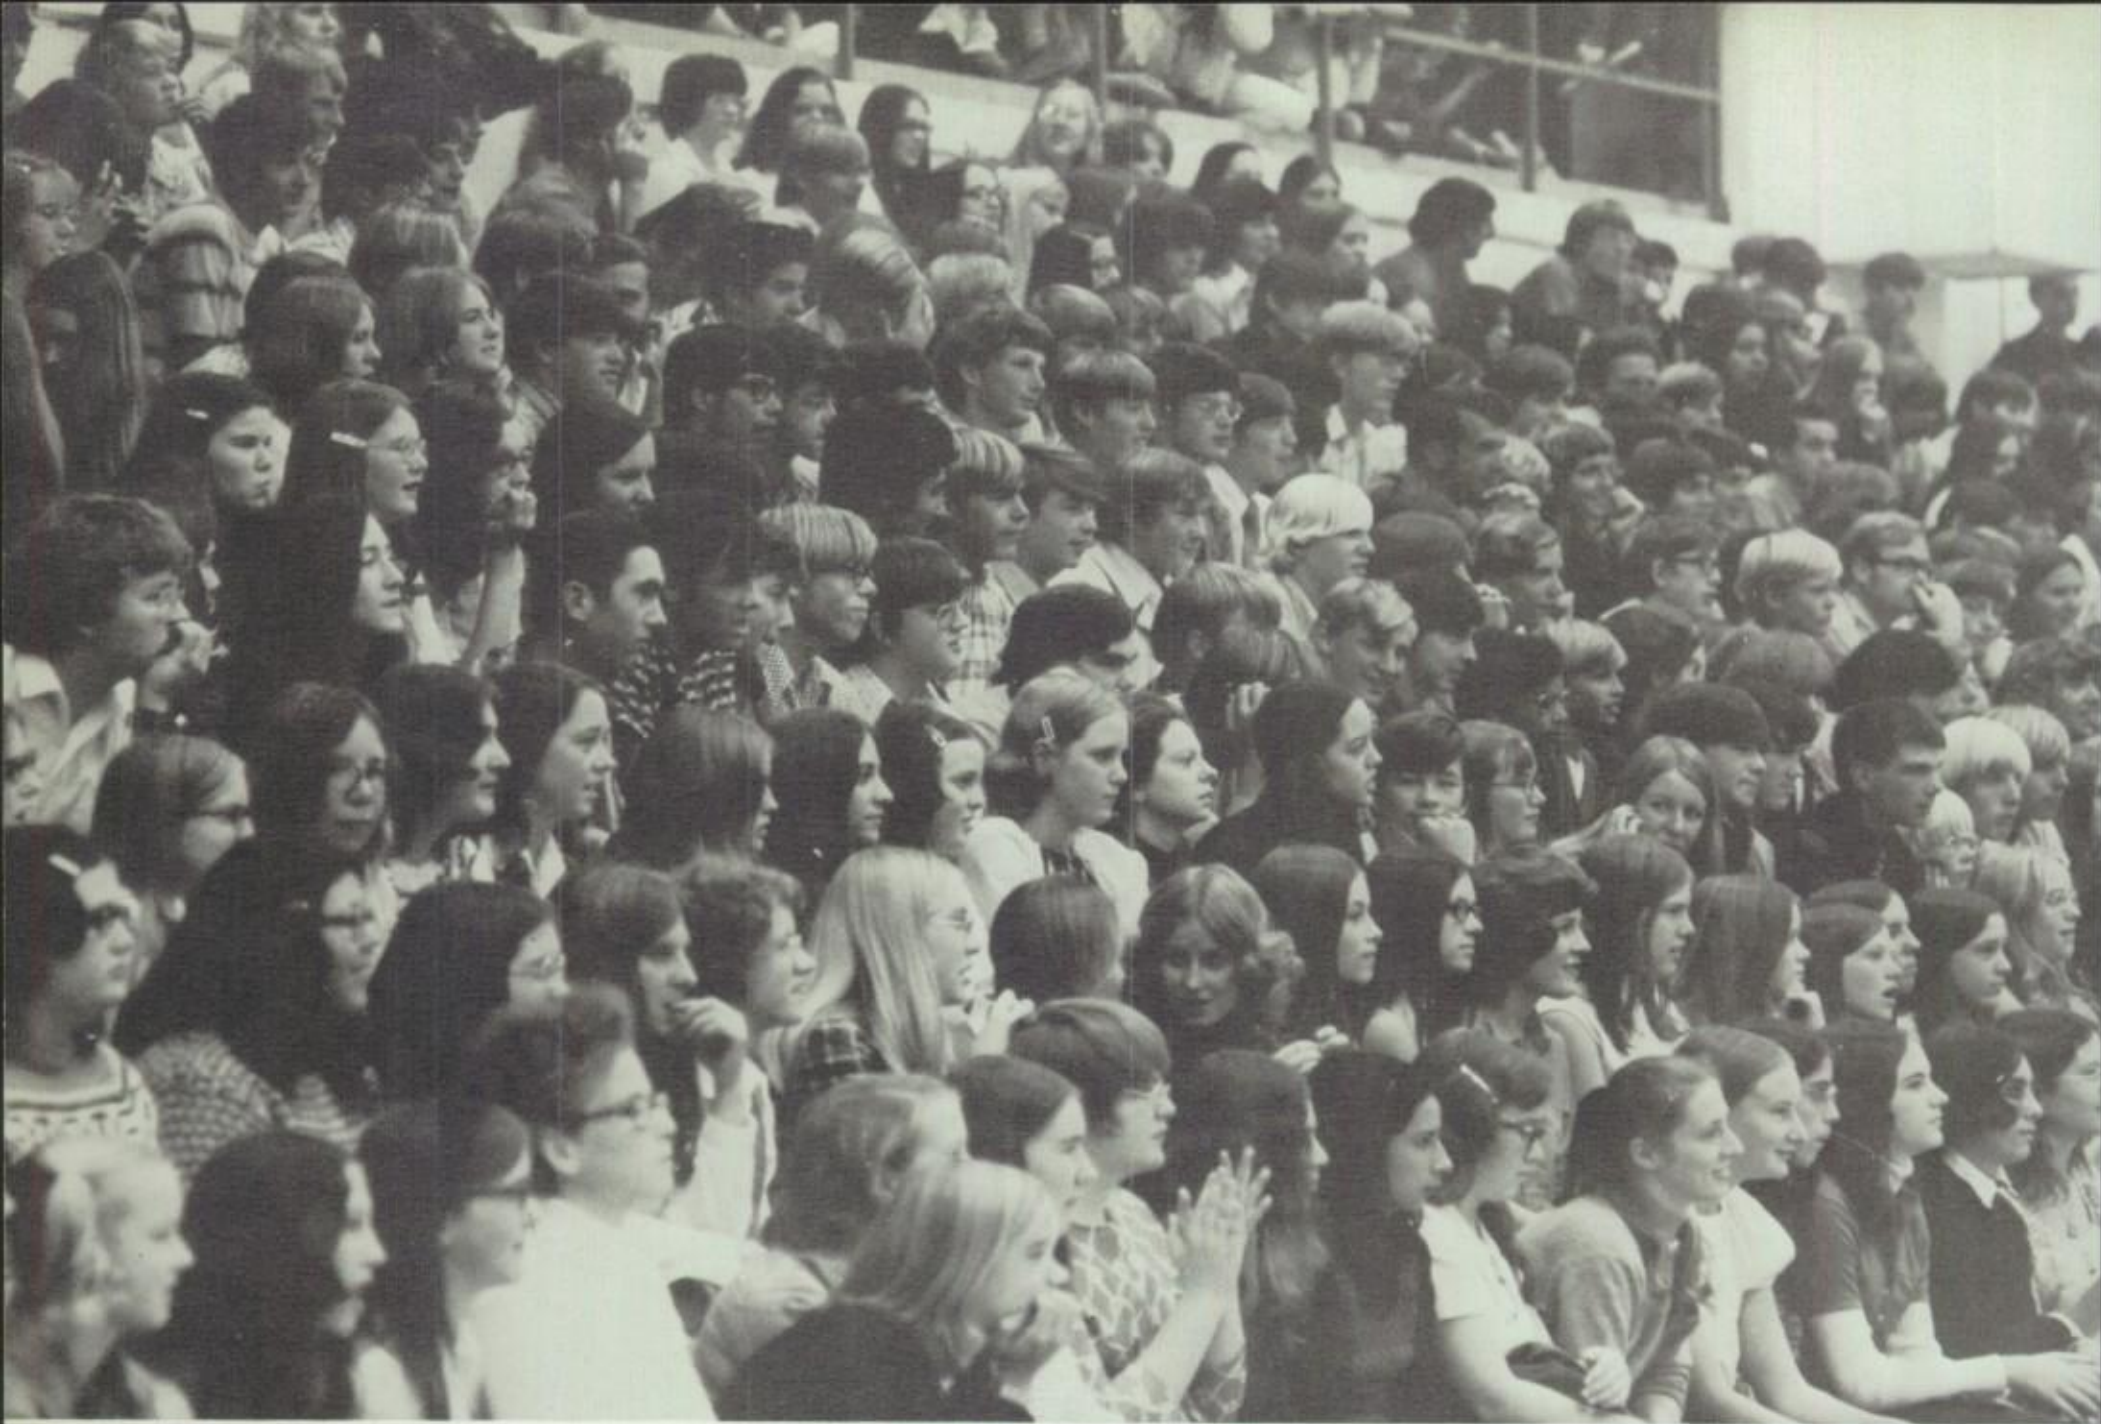

He tried to be a friend with the white man, many of whom considered him a chief. The Bent brothers of Bent's Fort called him "the Good Chief". He was for peace with the red man and the white, he hoped that the Indians and agents might better understand each other. He wanted a good white man to teach him to farm, for he was strongly in favor of the white man's way of life. One report relates that (perhaps at Sand Creek) he stood with arms folded as soldiers approached, refusing to the last to believe the soldiers would attack and maintaining they were his friends. He was shot down. His retreat in Oklahoma was one of his favorite spots, now known as Lefthand Springs, eight miles northeast of Geary, Oklahoma on the North Canadian River.

When Chief Little Raven died in 1889 in Cantonment, Oklahoma, Lefthand was chosen principal chief of the Southern Arapahoe. He served well until blindness forced his retirement. He died June 28, 1911 at the age of 83 and was buried on a knoll about one-fourth a mile north of his home.

Principal's Message

Over the ages, man has debated the function of education and the formal institution called the school. Indeed, within the confines of Niwot High and the community it serves there may well exist a diversity of belief relative to the issue. While it is unlikely that unanimity of agreement on this question is possible, it is imperative that a direction be determined and a sincere commitment made if a school is to be effective in meeting its obligation to its constituency. As Principal of Niwot High School, it is my belief that we should strive to be a school:

in which a warm, supportive environment is present so that each student may develop confidence in his own worth as an individual

in which each and every student is encouraged to seek excellence in those endeavors which he undertakes.

in which each and every student is encouraged and provided with the opportunities "to be what he can be."

in which each individual is assisted in recognizing his personal responsibility to society and in seeking ways to maximize his personal contribution to that responsibility.

The motto, "Our Pride is Our Life" has been a sustaining force for the students, faculty and parents of Niwot High School. The pride we feel in our school has been manifested in a variety of ways and this quality has enabled Niwot High School to begin its first year of existence in a manner that marks it as a very special school. The students, faculty and parents of Niwot High School have experienced a rather unique beginning, but the success of our first year offers visible evidence that "we care" and "our pride is our life". It is clear that a commitment has been made to the quest for excellence coupled with compassion and this constitutes a vital legacy to an enduring tradition of Niwot High School.

I am proud of you and your contribution. Your dedication and commitment serve as a beacon for the future members of the Cougar Community to follow. Stand proud for you have met a challenge. We have begun and let us look forward with eagerness to the challenges of the future.

Coach . . . You've got bad breath!!!

Our group had 40% fewer cavities.

DEFENSE: FRONT ROW: *Steve Vendegna, Curt Lacey, Tim Carroll, Ken Gettlein, Greg Heffington, Manuel Maestas, Bruce Grinnell.* SECOND ROW:

Coach Rick Johnson, Jim Finley, Steve Pflipsen, Dave Kelley, John Guiterrez, Bill Zisch, Brad Peterson.

The 1972 football season was successful for a football team with no seniors. Defense was outstanding in the St. Mary's game; Niwot held them to 10 points for our first win. Offense had the spotlight in the last game. Mapleton didn't have a chance with Niwot dominating ball control. Mike Knause hit Bruce Grinnell on a pass for the first six, with Koorosh Ardalan making the extra point. Knause had a touchdown called back. The final win put Niwot in fourth place. Ken Gettlein, Bruce Grinnell, and Tim Carroll made all conference honorable mention. Team honors went to Mike Knaus, offensive back, Steve Pflipsen, defensive back, and John Guiterrez for making the first Niwot touchdown.

"I learned this in my ballet class."

TAG . . . You're it!

"DON'T ANYBODY MOVE!!! I lost my contact lens."

**When you
get out of high school,
you're going to have
a lot of questions.**

**The New Navy's
got some answers.**

Like getting an interesting job. If you can qualify, you can choose job training in over 300 exciting jobs. Like computer technology and electronics. Like equipment operation and aviation mechanics. It's some of the best training in the world.

But the Navy's got more answers than just jobs. There's travel to places like Hong Kong, Tokyo, Australia and the islands of the Pacific. You can see Paris, Rome and London.

Navy pay is at an all-time high — starting at \$307.20 per month. And there's more gravy — food, clothing, housing, education, medical-dental care — and 30 paid vacation days a year.

If you have some questions about where you're going when you get out of high school, call the Navy expert for the Longmont area . . .
